NOTES ON THE ANNUAL STATEMENTS OF THE CIVIL HOSPITALAS AND DISPENSARIES IN THE CENTRAL PROVINCES AND BERAR FOR THE CALENDAR YEAR 1939

The salient features of the year were—(1) the steps taken by Government in extending medical relief in rural areas by (*a*) the establishment of ayurvedic and unani dispensaries, (*b*) increasing the number of allopathic dispensaries and (*c*) subsidising allopathic, ayurvedic and unani medical practitioners and (2) the appointment of a committee for improvement of all the bigger hospitals and the medical school in the province.

Hospitals and dispensaries (Statement A).—At the close of the year 1938 there were 362 hospitals and dispensaries in the province; 21 new dispensaries were opened and one private-aided dispensary was made a cheap plan dispensary during the year under review. On the 31st December 1939, therefore, there were 383 dispensaries, 204 in the rural areas and 179 in the urban areas. Cheap plan dispensaries were opened during the year at Sainkheda in the Hoshangabad district, Shiralla and Raipur forest village in the Amraoti district, Chicholi in the Betul district, Amgaon, Deori, Darekasa and Chichgarh in the Bhandara district, Bilaigarh and Kurud in the Raipur district, and Karanjia in the Mandla district. The district council, Amraoti, opened five more dispensaries during the year under their own scheme. The running cost of these dispensaries is all met by the district council itself. No Government grant is given.

2. Medical relief in rural areas is still inadequate and attempts are being made to expand it. Government made a provision in the budget for the year 1939-40 for the establishment of 83 ayurvedic and unani dispensaries in the rural areas and for 83 vaids and hakims to settle in rural areas on subsidised system one in each tahsil. Allopathic dispensaries are also being increased, and arrangements are being made for 22 private medical practitioners to settle down, one in each district council rural area.

3. So far, subsidised medical practitioners have been appointed in the areas of the district councils, Nimar, Narsinghpur, Yeotmal and Damoh. Places for subsidised practitioners have also been selected in other district council areas but candidates passed from the Robertson Medical School, Nagpur, were not available for appointment. It is now intended to invite applications from candidates passed from medical schools outside the province but who are residents of this province. No appointments of subsidised vaids and hakims have so far been made as action in the matter was held over for some time in view of the need for economy due to financial

stringency. Action in the matter is being expedited and it is hoped that these vaids and hakims will be appointed during the year 1940.

Establishment of ayurvedic dispensaries, one in each tahsil, has been sanctioned under the district councils, Yeotmal (5), Wardha (3), Betul (3), Akola (6), Drug (3) and Mandla (3), and it is hoped that vaids at the dispensaries will soon be appointed and that the dispensaries will function soon. Four ayurvedic dispensaries were opened one at Karakbel in the Narsinghpur sub-division and three in the Drug district at Godhi, Kanwar and Nandghat.

A statement showing the number of subsidised medical practitioners (allopathic), subsidised vaids and hakims and ayurvedic and unani dispensaries sanctioned and appointed during the year 1939 is given below :—

Name of scheme	Provision made in the budget of 1939	Proposals received and sanctioned	Number already appointed
(1) Scheme for subsidising medical practitioners (allopathic) to settle in rural areas, one under each district council.	19	10	4
(2) Scheme for subsidising vaids and hakims to settle in rural areas, one in each tahsil.	83	24	...
(3) Scheme for the establishment of ayurvedic and unani dispensaries, one in each tahsil.	83	23	4

4. A Provincial Hospitals' Enquiry Committee has been appointed by Government to suggest ways and means for the improvement of the provincialized hospitals at Nagpur, Jubbulpore, Raipur and Amraoti, the Main Hospital, Akola, and the Robertson Medical School, Nagpur. The committee has started its work and its report is awaited.

5. **Distribution of medical personnel (Statement B).**— The strength of the medical personnel working in all classes of hospitals and dispensaries in the province during the year under report was 1,367 [1,309] of which 173 [184] were in hospitals and dispensaries at the provincial headquarters, 787 [760] in those in the district headquarters and other urban areas and 407 [365] in those in rural areas.

6. **Nurses.**—The nursing staff in the Central Provinces and Berar hospitals is not up to the strength required. The four training centres for probationer nurses—the Mayo Hospital, Nagpur, the Victoria Hospital, Jubbulpore, the Silver Jubilee Hospital, Raipur, and the Irwin Hospital, Amraoti, continued during the year. A scheme for the training of male nurses in the province is still under consideration. Staff nurses were employed at the main hospitals, Saugor, Wardha, Akola and Bilaspur, and the appointments of such nurses at the main hospitals, Yeotmal, Hoshangabad and Bhandara, have been sanctioned during the year. The question of revising the scale of pay of the nursing staff employed in the provincialized hospitals in the province is under reconsideration.

7. **Honorary Physicians and Surgeons.**—Honorary medical officers are being employed in large numbers at the provincialized and other main hospitals as Surgeons, Physicians, Dentists, Radiologists and Specialists in eye, ear, nose and throat diseases. They proved of great assistance to the staff and performed their duties with great zest. One honorary medical officer was appointed at the Akola City Dispensary during the year.

8. **In-door patients (Statement C).**—The number of in-door patients treated in the State-public, local fund and private-aided hospitals in the province was 47,583 [47,874] and the daily average attendance 1,770·28 [1,790·60] during the year. Of the total number treated 7,480 were police cases, 2,243 indigents and 3,820 medico-legal cases. There were 2,545 [2,725] deaths during the year, the ratio thereof to the total number treated being 5·35 [5·69] per cent. The number of beds available rose to 2,529 [2,436] showing an increase of 93 beds, of which 43 were on the male side and 50 on the female side. The principal increase was 38 (34 males and 4 females) at the Irwin Hospital, Amraoti, and 26 at the Dufferin Hospital, Amraoti.

9. **Out-door patients.**—The number of out-door patients increased to 4,275,473 [3,958,738] which gives a daily average attendance of 30,290·84 [28,265·00].

10. Thus the total number of patients treated, both in-and out-door, stands at 4,323,056 [4,006,612] showing an increase of 316,444 over the past year. The increase is noticed in all the districts excepting Akola and Buldana. Of the total number treated 4,212,117 [3,899,814] were treated in the general hospitals and dispensaries and 110,939 [106,798] in the women's hospitals. The above statistics of attendance and work done in the medical institutions referred to give further indication of the growing appreciation by the public of their activities.

11. **Sick treated in all classes of medical institutions (Statement D).**—In addition to the number of beds in the State-public, local fund and private-aided hospitals there were 818 [772] beds—504 [473] for men and 314 [299] for women available in all other classes of medical institutions in the province during the year. The number of in-and out - door patients treated in all classes of medical institutions in the province during the year was 65,237 [64,376] and 4,833,970 [4,523,450] respectively, or a total of 4,899,207 [4,587,826] of which 3,305,344 [3,089,204] were males and 1,593,863 [1,498,622] females which gives a percentage of 67.46 [67.33] and 32.54 [32.67], respectively, to the total treated.

12. Malaria as usual remained the chief prevailing disease during the year. The number of cases treated for malaria during the year was 889,265 showing an increase of 183,884 over the figures of the past year [705,381[. The increase is noticeable in all districts except Nimar 31,635 [32,194]. The other diseases

showing an increase over the figures of the past year were chiefly as follows :—

Diseases of the teeth and gums excluding tumours 132,076 [117,524].

Diseases of the intestines 93,510 [91,723] excluding diarrhoea, dysentery and tumours.

Diseases of nervous system 133,032 [128,566].

Rheumatic fever 23,425 [19,863].

Other diseases of the eye 346,032 [273,945].

Diseases of the nose 36,134 [22,965].

Diseases of the blood and spleen 55,595 [47,907].

13. Four tuberculosis clinics in the province, one at each divisional headquarters and the Union Mission Tuberculosis Sanatorium at Pendra Road where the Government maintains 40 beds at its own expense did excellent work during the year. Dr. C. Frimodt Moller, Medical Commissioner to the Tuberculosis Association of India, visited the Tuberculosis Clinics at Nagpur, Jubbulpore and Amraoti, and the Tuberculosis Sanatorium at Pendra Road, in November 1939. The suggestions regarding improvements to the clinics are being examined along with the whole question of dealing with the problem of Tuberculosis in the province and a report will be submitted to Government in due course.

14. Treatment of venereal diseases and yaws.—Well-equipped centres have been organized at various district headquarters for the treatment of venereal diseases and the Government has sanctioned a special annual grant of Rs. 8,000 for treatment of these diseases on modern lines. The disease "yaws" is prevalent amongst aboriginals of Sironcha and Garchiroli tracts in the Chanda district. The treatment for this disease was started from the year 1936. The assistant medical officers in charge of Ahiri, Bhamragarh, Allapalli and Sironcha dispensaries, were supplied with medicines and injections by the Director of Public Health, Central Provinces and Berar, and treated 1,741 cases.

15. Surgical operations (Statement E).—The number of surgical operations performed in the State-public, local fund and private-aided hospitals and dispensaries rose from 126,896 in 1938 to 136,470. The number of selected operations during the year was 6,597 [6,750] of which 811 [765] were for cataract.

16. Financial condition (Statement F).—The year opened with a cash balance of Rs. 12,51,930 and closed with a balance of Rs. 6,00,229 showing a decrease of Rs. 6,51,701.

17. The total receipts inclusive of the opening balance amounted to Rs. 28,21,480 [Rs. 29,08,478]. The contributions from Government during the year were Rs. 8,60,747 [Rs. 7,89,321] and from local municipal bodies Rs. 3,55,135 [Rs. 2,92,451]. The other items of receipts were Rs. 69,370 [Rs. 69,783] from fees and

contributions from patients. Rs. 1,07,450 [Rs. 1,67,199] from funds collected by hospital committees and Rs 1,76,848 [Rs. 1,57,327] from miscellaneous sources.

18. A donation of Rs. 20,000 was given by Seth Kanji Moolji Sicka of Calcutta for the construction of a women's hospital at Gondia. Lady Dhun Bai Sorabji Mehta of Nagpur constructed a block of two private wards at the Mayo Hospital, Nagpur, at a cost of Rs. 10,723 in memory of her husband.

19. As in the past the Deputy Commissioners and Commissioners comment on the progressive reduction and unpunctual payment of contributions to hospitals and dispensaries by local bodies. Local bodies are inclined to take their responsibility in regard to provision of medical relief lightly. The Deputy Commissioners, Akola, Yeotmal, Buldana and the Commissioner of the division have remarked that the financial condition of the main hospitals is extremely bad owing to reduction or non-payment of grants by the local bodies and to the stoppage of payment of deposits by co-operative banks in which funds are locked up.

During my visit to hospitals and dispensaries in Berar, I also found them all in a critical condition for lack of funds especially the main hospitals at Akola, Buldana and Yeotmal. Something must be done to ensure payment of adequate amounts by local bodies to maintain these hospitals. The Commissioner, Berar, is of opinion that the only alternative that he sees to closing the hospitals is that Government should prescribe a minimum percentage of income which every local body must devote to medical relief.

Deputy Commissioners suggest that the amounts payable to hospitals should be deducted by the Government from the grants given to local bodies for general purposes and paid to hospital funds direct.

20. The total expenditure during the year amounted to Rs. 18,67,447 [Rs. 14,95,731] showing an increase of Rs. 3,71,716.

21. **Invested capital (Statement G)**.—The amount invested during the year by the local fund and private-aided hospitals and dispensaries in the province was Rs. 48,493. Securities sold during the year amounted to Rs. 3,300, and the deposits amounting to Rs. 74,818 were withdrawn.

22. Col. D. H Rai was in charge of the office of the Inspector-General of Civil Hospitals from January to 24th April and from the 26th August to the 5th October 1939. I held the office of the Inspector-General of Civil Hospitals from the 25th April to the 25th August and from the 6th October 1939 to the end of the year.

N. S. JATAR, LT.-COL., I.M.S.,
Inspector-General of Civil Hospitals,
Central Provinces and Berar.

NAGPUR:
The 29th May 1940.

contributions from patients. Rs. 1,72,480 [Rs. 1,67,169] were [illegible] collected by hospital committees and Rs. 1,75,853 [Rs. 1,37,377] from miscellaneous sources.

18. A donation of Rs. 20,000 was given by Seth Kanji Moolji [illegible] Calcutta for the construction of a women's hospital at Gondia. Lady Jiban Bai Buty [illegible] of Nagpur constructed a block of two private wards at the Mayo Hospital, Nagpur, at a cost of Rs. 15,723 in memory of her husband.

19. As in the past the Deputy Commissioners and Commissioners comment on the progressive reduction and irregular payment of contributions to hospitals and dispensaries by local bodies. Local bodies are inclined to [illegible] their responsibility in regard to provision of medical relief [illegible]. The Deputy Commissioners, Akola, Yeotmal, Buldana and the Commissioner of the division have remarked that the financial condition of the taluk hospitals is extremely bad owing to reduction or non-payment of grants by the local bodies and to the stoppage of payment of deposits by co-operative banks in which funds are locked up.

During my visits to hospitals and dispensaries in Berar, I also found them all in a critical condition for lack of funds especially the taluk hospitals at Akola, Buldana and Yeotmal. Something must be done to prevent non-payment or inadequate amounts by local bodies to maintain these hospitals. The Commissioner, Berar, is of opinion that the only alternative that he sees to closing the hospitals is that Government should prescribe a minimum percentage of income which every local body must devote to medical relief.

Deputy Commissioners suggest that the amounts payable to hospitals should be deducted by Government from the grants given to local bodies [illegible] and paid to hospital funds [illegible].

20. The total expenditure during the year amounted to Rs. 18,67,442 [Rs. 14,05,731] showing an increase of Rs. [illegible].

21. Invested capital (Statement V).—The amount invested during the year by the local fund and private-aided hospitals and dispensaries in the province was Rs. [illegible]. The income [illegible] during the year amounted to Rs. 3,590 and the deposits amounting to Rs. 74,813 are now [illegible].

22. Lt.-Col. [illegible] Rao was in charge of the office of the Inspector-General of Civil Hospitals from January to 24th April and from the 26th August to the [illegible] October 1939. I held the office of the Inspector-General of Civil Hospitals from the 25th April to the 25th August and from the [illegible] October 1939 to the end of the year.

[illegible] JAT AR, Lt.-Col., I.M.S.,

Inspector-General of Civil Hospitals,

Central Provinces and Berar.

NAGPUR:

The [illegible] May 1940.
